

I am READY

What do I want teachers to know about me?

Here is an example of a communication passport. This is a useful card that you can give to any adult at school who you would like to know you a little better.

It can have things about you that you love to do, things that you find easy to do in class, things that you might find trickier, and things that can help you with your work.

Name Anne Example Things that I love to do in class - Read out loud - Have a break after listening for a long time - Maths - Use I.T Things that I find difficult - Remembering instructions - Being criticised - Working in groups	Things that help me  - People keeping instructions short and simple - Give me plenty of time to answer questions - Task planners - A glossary of key topic vocabulary - Being spoken to in a positive way - Working in groups of no more than two people
