# Snow Day Activities – Home Learning

Due to the snow, our school is closed today. To support your child's learning at home, we have provided a list of simple activities your child may enjoy taking part in throughout the day. These activities encourage purposeful play and can be completed using items commonly found at home.

Please choose **3–4 activities** from the list below and complete them at a pace that suits your child. There is no expectation to complete everything.

Most importantly, **stay safe, keep warm**, and enjoy spending time together — have fun in the snow! ❄

## Create

- Draw or paint a snowy picture
- Make a snowman using paper, cotton balls, or socks
- Build something with blocks, boxes, or cups

## Literacy and language

- Listen to a favourite winter book. Tell your grown up your favourite part.
- Write your name in crayon, marker, or even "snow" (salt or flour on a tray) or in real snow outside.
- Find letters around the house (on food boxes, books, signs). Can you find the letters in your name?
- Make up a snowy story and draw a picture for it

## Think & Count

- Count toys, socks, or snacks (how many?)
- Find shapes around your home
- Make a pattern (colours, toys, or snacks)

## Explore

- Look outside and talk about the weather
- Bring snow inside in a bowl and watch it melt.
- Find something soft, hard, smooth, and rough

## Help at Home

- Help clean up toys
- Match socks
- Help a grown up make or prepare a snack
