

Session 1

Adding ing to the end of a verb.

When adding ing onto the end of a verb:

- sometimes we just add it *climb -> climbing*
- sometimes, if the word ends in e, we take the e off first *ride -> riding*
- somtimes we double the final consonant (not a vowel letter) *hop -> hopping*

Verb	Verb + ing
1. cook	cooking
2. read	
3. smile	
4. sing	
5. run	
6. read	
7. drive	
8. jog

Session 3

Different ways to spell the or sound.

Hi everyone!
Your mission today is to find all the words below that contain the ***or*** sound. In the text below it is made using the ***letters*** ***a*** and ***or*** .
Copy the words you find.
I think there are 16!

al and ***all***

Often when the letter ***a*** comes before ***l*** (like in the word ***talk***) or ***ll*** (like in the word ***call***), the ***a*** makes an ***or*** sound.

There was once a very tall man called Mr Chalk who lived with his dog, cat and also a cheeky hamster. Every day, he put on his hat and coat in the hallway, picked up a ball and called, 'Come on, Fido! It's time for your walk.'
Fido and his owner always went the same way so that Mr Chalk could have a talk with his friend Bob at his flower stall in the market. One day, as they passed the old castle walls, they noticed a strange shape stalking along through the grass. Just then, the rain started to fall in enormous splashy drops so they forgot the odd shape and ran to the market hall as fast as they could.
