

Phonics learning- Week 12

This week we are going to be recapping all of the digraphs, trigraphs and consonant blends that we have been learning throughout our 'home learning time' and previously in school.

I have made separate slides for **single sounds**, **digraphs & trigraphs** and **consonant blends**. This will be a great assessment tool to see how well your child has retained the sounds and see which they still need to practise. Please choose the appropriate sounds to focus on for your child's phonics ability. 😊

Single sound flashcards

Go through the slides one by one asking your child to say the sound.

Digraph and trigraph flashcards

Go through the slides one by one asking your child to say the sound.

Reminder:
Digraph: two letters together that make one sound e.g. 'ea' team
Trigraph: three letters together that make one sound e.g. 'igh' light

Consonant Blends flashcards

Go through the slides one by one asking your child to say the blend.

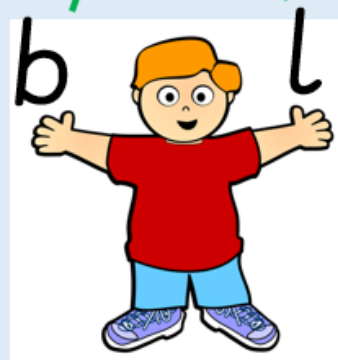

Consonant Blends Flashcards

Go through the slides one by one asking your child to say the blend.
