SPIRITUALITY IN GEOGRAPHY

Opportunities

- Sense of Belonging and Awe
- Experiencing Natural Phenomena
- Empathy for Communities
- Caring for the Planet
- Cultural Engagement
- Exploration and Reflection through Enquiry

With Our Heads and Our Hearts

Geography helps us explore God's world: its people, places, and wonders. We learn to care for the Earth and understand different cultures and communities.

Just like Jesus, we are called to love and respect all people and the world we share.
