St Catherine's CofE Primary School

SPIRITUALITY IN SCIENCE

Opportunities

- Awe and Wonder in Creation
- Curiosity and Big Questions
- Ethics and Responsibility
- Independent and Critical Thinking
- Interconnectedness and Cooperation
- Compassion and Justice

With Our Heads and Our Hearts

Science helps us discover the amazing world God has made.

We ask questions, explore, and learn how everything works with wonder and care.

Just like Jesus, we are called to be curious, responsible, and protect all creation.
